

Terex® Bid-Well Strengthens Distribution in Australia / New Zealand

Terex® Bid-Well is pleased to announce the appointment of Arrow Machinery as a distributor for Terex Bid-Well paving equipment in Australia and New Zealand. Terex Bid-Well offers a full line of automatic concrete roller pavers including bridge deck pavers and overlay machines, airport, road and street pavers, texturing/curing machines, specialized paver/trimmer for slopes and canal paving, along with work bridges that meet any job requirement.

Timothy Rubalcaba, International Sales Manager, Terex Bid-Well said “Arrow Machinery’s excellent reputation, principles, infrastructure and knowledge of Terex Bid-Well equipment will benefit customers in Australia and New Zealand.”

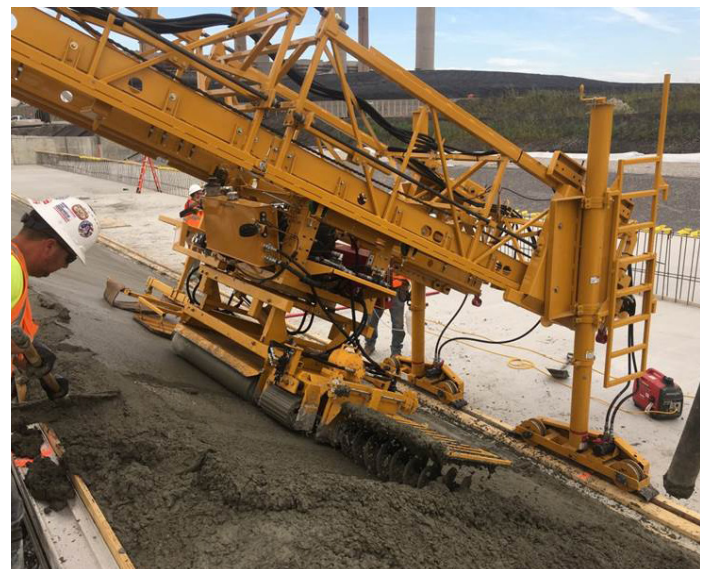

Arrow Machinery has a long history in the associated concrete kerbing industry. Their knowledge will allow them to assist customer in their needs for Terex Bid-Well Products. With more than 30 years of experience, Arrow Machinery is also the best source offering parts and service for Terex Bid-Well equipment.

Terex Bid-Well believes that the appointment of Arrow Machinery as a distributor will not only help Terex Bid-Well to further introduce its pavers in the Australian & New Zealand markets, but also be an important step in continuing to develop business in the South Pacific. Rubalcaba said “We are actively pursuing the international market through establishing and training local distribution that will provide grassroots support and service to the Terex Bid-Well paver customers.”

About Terex

Terex Corporation is a global manufacturer of lifting and material processing products and services delivering lifecycle solutions that maximize customer return on investment.

Major Terex brands include Terex, Genie, Powerscreen and Demag. Terex solutions serve a broad range of industries, including construction, infrastructure, manufacturing, shipping, transportation, refining, energy, utilities, quarrying and mining.
